SPARTA LIGHT GREY #015

SPARTA BEIGE #006

SPARTA DARK BLUE #024

SPARTA®

HARD-WORKING RE-USEABLE CARPET

→ FAST INSTALL AND UPLIFT

Optimum workforce efficiency is provided by the generous 4 metre roll width: large areas can be covered and uncovered with minimum movements.

→ LONG LASTING

SPARTA® is robustly constructed to retain the properties that make it useful:

- The unrottable synthetic fibres give excellent resistance to stains
- The non-woven construction can not fray or zipper, and provides superior wear and tear resistance
- The stability and flatness of the sheet is maintained by the durable gel backing

→ COST EFFECTIVE

Manufactured in Europe using proven and streamlined processes. This is a quality investment with low initial cost.

→ EASY HANDLING

The non-woven composition makes for a manageable handling weight. e.g. 70 square metres of SPARTA® weighs approx 84 kg.

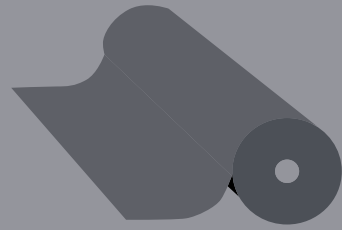

→ LAY-FLAT FINISH

The success of SPARTA® as a reusable floor-covering is it's natural ability to lay flat and smooth. The gel-rubber backing requires few or no fixings and the velour surface is Velcro receptive allowing the use of simple joining strips where required.

SPARTA®

RE-USEABLE CARPET

- SYNTHETIC
- NEEDLEPUNCHED
- GEL BACKED

SPARTA® SPECIFICATIONS

PILE FIBRES:	100% POLYPROPYLENE
BACKING:	SYNTHETIC GEL-FOAM
SURFACE WEIGHT:	± 600g/m ²
TOTAL WEIGHT:	± 1200g/m ²
ROLL WIDTH:	4 metres
