SMARTSQUARE®

FUNCTIONAL RE-USEABLE CARPET

→ SMART ■ FUNCTION

Modular pieces give simple and trouble-free handling

- Uncomplicated loose-lay installation
- Straightforward uplift and stacking
- Storage and transportation using standard pallet equipment
- Irregular shaped areas can be covered efficiently
- The original condition of the subfloor is protected by the impervious inert backing and sturdy composition

→ SMART ■ FORM

- Smart unobtrusive appearance from simple, serviceable colours
- Excellent appearance retention
 - Synthetic fibres give good stain resistance
 - Fibre-bonded structure gives good wear resistance
- Stained or unsightly sections can be easily replaced
- Various designs and layouts can be made using modular system

→ SMART ■ INVESTMENT

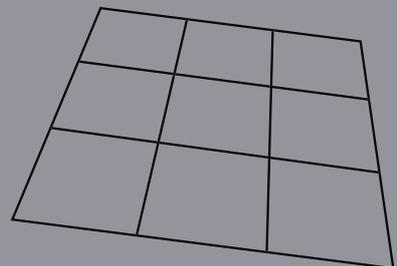

Sensible value for money is provided through:

- The long useful life of the product
- The replacement of shabby tiles deferring total replacement
- Low manufacturing and logistics costs
